PI – Adding value, protection, and expertise for our customers

Extended Warranty

PI's global support teams provide post-sales support with target response times on all products under warranty. Increasing the warranty term, increases the period for this high-level support.

Extended Warranty 1, 2, or 3 increases the standard 2 year warranty term for a period of up to 5 years.

Any product with an unrevealed manufacturing defect that affects the performance during the standard or the extended warranty period will be repaired by PI without charge.

- R-WEX1, R-WEX2, or R-WEX3 – One, two, or three additional years warranty, taking the total warranty period for your PI purchase to 3, 4, or 5 years in total.

Extended Warranty PLUS

Extended Warranty PLUS is 3 years warranty cover, PLUS replacement parts for the 3 year term for any product that experiences a failure due to normal wear and tear.

Unlimited warranty repair claims and up to two claims for wear and tear failures per product, when covered with PI's Extended Warranty PLUS.

- R-WEXP – Total of 3 years warranty PLUS cover for replacement parts due to normal wear and tear.

Extended Warranty (PLUS) Terms and conditions apply >> www.pi.ws/service

On-Site Service

On-Site Services serve to accelerate the use and customer knowledge of a new PI system. Having a PI expert on the customer site for one day, delivers enormous benefit to both the customer and the system.

- R-ENG-OSR - Professional system setup on customer's site
- R-ENG-TUNE – Tuning / optimization for a system in its application / environment
- R-TRAINING - Hands-on customer training to build up customer knowledge

Learn more about your options >> www.pi.ws/service

Ask your Sales contact for more information on how to gain protection against potential future repair charges and have a PI expert set up, optimize, and train you on your PI purchase.
